Due Process

- any person (organization, company, government agency, individual, etc.) with a direct and material interest has a right to participate by:
  - a) expressing a position and its basis,
  - b) having that position considered, and
  - c) appealing if adversely affected.

Procedures for the Development and Coordiantion of ANSI Standards 3

Openness

- Participation shall be open to all persons who are directly and materially affected by the activity in question.
- There shall be no undue financial barriers to participation.

Procedures for the Development and Coordiantion of ANSI Standards 4

What is Participation?

- Participation in a process is not necessarily the same as membership or vote on a committee
- Participation can be as simple as submitting a public review comment

Procedures for the Development and Coordiantion of ANSI Standards 5

Balance

- Balance of interests
- Categories could include:
  - producer
  - user
  - general interest

Procedures for the Development and Coordiantion of ANSI Standards 6

PM3006449999

Source: https://www.industrydocuments.ucsf.edu/docs/zgjj0001

Balance

- No single interest category shall dominate

a) no single interest category constitutes more than one- third of the membership of a committee dealing with safety

b) no single interest category constitutes a majority of the membership of a committee dealing with product standards

Procedures for the Development and Coordiantion of ANSI Standards 7

Conclusions

ANSI process requires:

- balance
- openness
- due process
